Naperville Mulch Sales

2010 Season Pricing

	Triple Processed Premium Oak Bark: Made from one tree "Red Oak" and primarily the "Bark" of the tree not the "Wood". It is a triple shredded product, dark brown/reddish tint in color, quick to decompose and provides excellent soil amendment. Since our first day of operation till now it has always been our best selling product. This is the choice of landscape professionals.	$40.00 / Yard
	Screened Oak Bark Fines: The Oak Bark Mulch is passed over a shaker screen and only the smallest pieces that fall through the screen comprise this material. The resulting mulch is extremely fine in texture. Of all our mulches you can expect this one to decompose the quickest providing superb soil amendment.	$40.00 / Yard
	Triple Processed Color Enhanced Hardwood (Colored Dark Brown... Called "Walnut"): This is a mixed hardwood, composted and colored. It is made from a variety of trees and the whole log is used so this mulch is primarily a "Wood" product rather than "Bark". It is made from virgin forest material and not recycled materials. "Wood" mulches decompose slower than "Bark" and because it has been colored it will retain the color far longer than non-colored materials.	$34.00 / Yard
	Triple Processed Hardwood: Same raw material as our Colored "Walnut" product...just not colored. It is dark brown from the composting and makes an excellent economical ground cover.	$28.00 / Yard
	Play Mat: This is a "Chipped" not "Shredded" mulch. It is light brown in color, slow to decompose and certified for use in playgrounds.	$35.00 / Yard
	Shredded Cedar: Cedar is a golden/orange color. It is very slow to decompose and is a natural insect repellant. Our cedar is a combination of the "Wood" and "Bark".	$41.00 / Yard
	Color Enhanced (Red): Made from recycled shipping pallets and construction scrap lumber materials, this mulch make great use of material that would otherwise end up in landfills. It holds color for the season, is consistently sized and is slow to decompose.	$35.00 / Yard
	Mushroom Compost: This product is composted horse manure and horse stall bedding. It is an awesome soil enhancer. Use it in vegetable gardens and landscape beds.	$34.00 / Yard
	Blended Premium Bark Mulch and Mushroom Compost: This is a 80/20 mix of our "Triple processed Premium Oak Bark" and "Mushroom Compost". We combine the products together at our facility prior to delivery.	$40.00 / Yard
	Pulverized Top Soil	$28.00 / Yard
	Torpedo Sand	$37.00 / Yard
	Garden Mix (50% Topsoil, 25% Sand, 25% Mushroom Compost) We will custom blend if you wish	$40.00 / Yard

Quantity Discount:	Orders of 8 to 11 yards are discounted	-$2.00 / Yard
	Orders of 12 or more are discounted	-$3.00 / Yard
Local Delivery (within 5 miles)	Minimum order for delivery is 2 yards	$29.00 / Load
